Vision unifies teamwork:

**Issue:** A new generation does not have the answer to the question – Does God exist, and if so, is God good? They have, as individuals, a distinct desire to know “who am I and what is my purpose in life?”

**History:** Many have lived their lives by trial and error while some have sought their true destiny.

**Present:** A large number of people live in survival mode not knowing what lies ahead. Few believe they have the ability to control their future, or understand their purpose.

**Proposed:** To pass on a legacy of spiritual, mental, and economic freedom and restoration that God is good with the expectation of miracles.

**Teamwork:** Through collaboration, The Generations of Faith Foundation, working in conjunction with The Oral Roberts Home and Legacy Center and others, has developed an effective method to carry out this vision. This approach can then be duplicated to promote leadership, prosperity and hope one person, community or nation at a time.

The team consists of:

- **Visionaries** establish the team
- **Provisionaries** supply the team
- **Connectors** link contacts together
- **Facilitators** activate the team
- **Recipients** duplicate the team

*Teamwork is the key*
The mission of The Oral Roberts Home and the Legacy Center is:

To pass on a legacy from one generation to the next that God is good and out of an abundance of His goodness comes the opportunity to experience a life of spiritual, mental, physical and economic health and vibrancy!

To awaken within the hearts of all those we encounter that their lives matter, that they have purpose, and that the God of the universe is ready to use them to accomplish great works for His glory.

To raise up a new generation of leaders keenly sensitive to the power of God acting through the Holy Spirit empowering them to move beyond their own expectation of a miracle, to that of “being the miracle” in the lives of others.
